

### 302539

#### LYRAL

# 15.10.2014

### 1. Identification of the substance/mixture and of the company

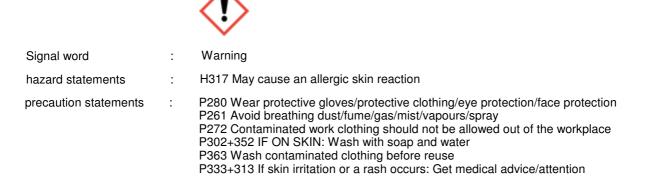

| Product Name                                      | : LYRAL   | AOL Material Code : | 302539 |
|---|---|---------------------|--------|
| Use of substance/mixture                          | :   |                     |        |
| Company   | : Augustus Oils Ltd<br>Augustus House<br>Mill Lane<br>Alton<br>Hampshire<br>GU34 2QG UK |                     |        |
| email address<br>telephone<br>emergency telephone | : essentials@augustus-oils.ltd.uk<br>: +44 1420 590555<br>: +44 1420 590555             |                     |        |
| 2. Hazard identification                          |   |                     |        |

#### **GHS Classification**

Skin sensitization 1

#### **GHS Labelling**

Symbol

#### Classification according toEU Directives 67/548/EEC or 1999/45/EC

:

Classified as: IRRITANT Symbol: Xi

R-phrases: R43: May cause sensitisation by skin contact

S-phrases: S24: Avoid contact with the skin S37: Wear suitable gloves

### 3. Composition/information on ingredients

IUPAC name : 4-(4-hydroxy-4-methylpentyl)cyclohex-3-ene-1-carbaldehyde

Augustus Oils Ltd

Issue: 3 Date of issue: 25.11.2010

pp 1<sub>of</sub> 5

| Characterisation  | : | Aldehyde alcohols |
|-------------------|---|-------------------|
| Molecular formula | : | C13 H22 O2        |
| Molecular weight  | : | 210.31            |
| CAS no            | : | 31906-04-4        |
| EINECS no         | : | 250-863-4         |
| FEMA              | : |                   |

# Substances within the mixture

| This pr | oduct contains:   |       | EINECS    | CAS        |
|---------|---|-------|-----------|------------|
| >95%    | 4-(4-Hydroxy-4-methylpentyl)-3-<br>cyclohexene-1-carboxaldehyde | R 43: | 250-863-4 | 31906-04-4 |
|         | Sen1  | H 317 |           |            |

For full text of R and H phrases see section 16

## 4. First aid measures

| Inhalation   | : | In case of excessive inhalation remove the person to fresh air and keep at rest in a comfortable position. Obtain medical advice immediately.                                   |
|--------------|---|---|
| Skin contact | : | Avoid prolonged contact with skin - wash off with soap and water. If persistant irritation is observed seek medical advice.   |
| Eye contact  | : | Rinse the eyes immediately with plenty of water for at least ten minutes. If any sign of tissue damage or persistant irritation is apparent, obtain medical advice immediately. |
| Ingestion    | : | Rinse mouth with water. Obtain medical advice immediately.  |

## 5. Fire-fighting measures

| Extinguishing media     | : | Carbon dioxide, foam, dry chemical<br>Do not use a direct water jet.  |
|-------------------------|---|---|
| Special hazards         | : | CO/CO2, Smoke   |
| Advice for firefighters | : | Avoid inhalation of smoke and fumes. In case of insufficient ventilation wear suitable respiratory equipment. |

# 6. Accidental release measures

| Personal precautions :     | Gloves and eye protection should be worn when handling spillages.<br>Avoid skin/eye contact and inhalation of vapour.<br>Good personal washing routines should be followed after accidental release. Ensure<br>adequate ventilation in working areas following accidental release. |
|----------------------------|--|
| Environmental precautions: | Do not allow discharge into drains, soil or any aquatic environment.   |
| Methods for cleaning up :  | Absorb spillages on porous inert material such as earth, sand or vermiculite and dispose of in accordance with local regulations.  |
|                            | Large spillages should be contained by the use of sand or another inert material,<br>transferred to a suitable container and recovered or disposed of in accordance with local<br>regulations.   |
| See also sections 8 and 13 |  |

# 7. Handling and storage

| Precautions for safe handling: | <ul> <li>Handle in accordance with good occupational hygene and safety practices in a well ventilated area.</li> <li>Avoid direct contact with skin and eyes. Depending on working conditions, this may include wearing of eye protection and protective clothing such as PVC gloves and suitable overalls.</li> <li>Wash hands after use</li> <li>Remove protective equipment and contaminated clothing before entering eating areas Avoid breathing vapours especially if the material is hot.</li> </ul> |
|--------------------------------|---|
| Conditions for safe storage:   | Store in full, dry, airtight containers away from sources of heat and light. Do not re-use the empty container.   |
| Uses and applications :        | Fragrances  |

# 8. Exposure controls/personal protection

| Exposure parameters    | : | No specific exposure limits found   |
|------------------------|---|---|
| Respiratory Protection | : | Where ventilation may be inadequate, wear self-contained breathing apparatus. |
| Hand protection        | : | Wear impervious gloves.   |
| Skin protection        | : | Wear protective clothing.   |
| Eye protection         | : | Wear eye protection e.g. Safety glasses/goggles                               |
| Engineering measures   | : | None found  |

## 9. Physical and chemical properties

| Appearance<br>Odour<br>Odour threshold<br>pH<br>Melting point<br>Initial boiling point<br>Boiling Range<br>Flash point<br>Evaporation rate<br>Flammability<br>Upper flammable limit<br>Lower flammable limit<br>Lower flammable limit<br>Upper explosive limit<br>Lower explosive limit<br>Vapour pressure<br>Vapour Density<br>Relative Density<br>Solubility<br>Partition coefficient n-octanol/water<br>Autoignition temperature<br>Decomposition temperature<br>Viscosity<br>Explosive properties | Data not available<br>Data not available<br>Data not available |
|---|--|
| Explosive properties<br>Oxidising properties  | Data not available<br>Data not available                       |
|   |  |

# 10. Stability and reactivity

| Stability:  | Stable at ambient temperatures |  |
|---|--------------------------------|--|
| Incompatible Materials:                           | Avoid oxidising agents         |  |
| Conditions to avoid:                              | None known                     |  |
| Hazardous Decomposion Products: No data available |                                |  |

### 11. Toxocological information

| Acute toxicity                    | LDSO Oral Rat > 5.000 mg/kg<br>LD50 Dermal Rabbit > 5.000 mg/kg |
|-----------------------------------|---|
| Skin corrosion/irritation         | Data not available  |
| Respiratory or skin sensitization | May cause sensitisation by skin contact                         |
| Serious eye damage/irritation     | Data not available  |
| Germ cell mutagenicity            | Data not available  |
| Carcinogencity                    | Data not available  |
| Reproductive toxicity             | Data not available  |
| STOT single exposure              | Data not available  |
| STOT repeat exposure              | Data not available  |
| Aspiration hazard                 | Data not available  |

### 12. Ecological information

| Toxicity data                      | Toxicity to fish: LC50(96 h,) = $11.8 \text{ mg/l}$<br>Toxicity to algae EC50(72 h,) = $13.8 \text{ mg/l}$<br>Toxicity to daphnia EC50(48 h,) = $76 \text{ mg/l}$ |
|------------------------------------|---|
| Persistence and degradability data | Not readily biodegradable. (41,2 %)   |
| Bioaccumulative potential          | Data not available  |

### 13. Disposal considerations

No special methods are necessary, but disposal should be in accordance with local regulations.

# 14. Transport information

Not restricted for transport purposes

### 15. Regulatory information

This datasheet has been compiled in accordance with 'COMMISSION REGULATION (EU) No 453/2010, Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)'

# 16. Other information

Changes since the last update

All sections changed due to CLP regulation

Section 3 R and H phrases in full

- R 43 May cause sensitization by skin contact
- H 317 May cause an allergic skin reaction

Sen1 Skin sensitization1

The information in this Health and Safety Data Sheet is, to the best of our knowledge, information and belief, correct and consistent with the state of technical information available at the date of its publication. Augustus Oils Ltd. cannot however accept liability for any loss, injury and/or damage that results from use or misuse of the information herein.
